All rides are coded and marked with an attraction rating. This rating is designed to inform guests about the ride and skills required. Look at each attraction and decide if you and/or your children can safely participate. You are the best judge of your limitations.

- Low speed and/or shallow water attractions with passive water fun for those who want to get wet and relax. These attractions are suitable for supervised youngsters, seniors handicapped or health-limited guests.
- Moderate thrill rides and/or water depth to 48 in. These attractions are suitable for supervised inexperienced riders, beginner swimmers or partially handicapped guests.
- ▲ Aggressive ride action with deep water or moderate-to-high speeds, requiring rider control and/or strong swimming skills. Physical activity may be strenuous. For in-shape guests with no medical restrictions.
